Solax Carbon Swift Mobility Scooter

The Solax Carbon Swift is perfect for people who want easy travel without hassle. It weighs only 14.5kg with the battery as it's made from strong carbon fibre. This makes it easy to lift into your car, take on trips, or store at home. The scooter folds up quickly by hand, no tools needed. When folded, it's small and easy to roll around like a suitcase. Despite its great features, this scooter still offers a smooth and enjoyable ride.

- Lightweight carbon fibre frame (weighing 12.78kg without battery)
- Digital display with passcode locking system
- Keyless start feature
- Flip up/removable armrests
- Adjustable tiller height

Folded Dimensions: 48x46x66cm
